Waldoch is a nationwide RAM approved specialty vehicle manufacturer. We specialize in building unique packages to fit the lifestyle of each consumer.

PROMASTER

LUXURY CONVERSION VANS TO FIT YOUR PLEASURE

GALAXY
VANS

The Waldoch conversion van has changed dramatically over the years. Back in the 70's a disco ball, green shag carpet and some stained plywood finished a clean and quality conversion. Today wood grain is out and high quality is in, with French stitched ultra-leather, plush interior, vinyl wood flooring, multi-color LED lighting, and fold down TV screens larger than are in some homes. Our vans have a polished exterior with unique graphics, paint to match running boards. We remove every black textured plastic piece and paint it to compliment the overall clean and elegant look. Our top of the line Galaxy Van package features color keyed side moldings, bumper insert fog lights and all trim pieces painted for a polished and elegant look.

Premium seating features leather fully adjustable captain's chairs with added comfort like power lumbar power recline and heat for lasting comfort. A fully automatic rear bench that reclines to a bed is a great feature for those impromptu rest stops on a long road trip. At each passenger seat enjoy all the comforts and conveniences you would expect from a Waldoch van like USB charging ports, individual passenger lighting and climate control venting. Close all the shades and use the LED mood lighting to enhance the cinema experience provided by an LCD display and surround sound TV that flips down out of the headliner 32" large and LED 1080P screen.

LIMO CONVERSION

Waldoch has been building luxury Conversion van for over 40 years and has been building LIMO's for about 15 years. Waldoch just thought it was a good fit with building person use vehicles and Travel vans it just fits. Waldoch builds on two models the Ford Transit and the Ram Promaster, they work great on limo buses vans.

The Ram Promaster we build on the 159 High Roof van, with 77" of head room and 172.2" of floor space front to back. The Exterior height is 108.6" tall to make sure you can go placing you are planning on traveling. Executive coach Limo are perfect for Weddings, Tailgate parties to go to the game, Dinner Parties, Special Events and much more. Waldoch has many different floor plan layouts for the Ford Transit Van some of the number 1 floor plans are Party Limo 10 Passenger, Limo Lounge 15 Passenger, Limo 9-10 Passenger, Wedding Limo 15+ and more just ask a sale rep. With our Black on Black design interior with Huge 40" TV's with LED 1080P picture where you can watch cable going down the road these are some of the best Limo manufactured anywhere. Waldoch Limo Builds are match to the highest quality and stand alone with the options and features you can get with this Limo Manufacture.

- High Quality long lasting Products
- All 12 Volt Products no Invertors (TV's, DVD everything 12 volt)
- 40 Years in the Conversion Van Shuttle Luxury builder market
- Innovative products
- Power Shades & Manual Shades
- First Class Executive vans for personal business people

SHUTTLE PROMASTER

SHUTTLE

Ram Promaster Shuttle Bus is a nice option, it is 6" lower to the ground than the Ford Transit and Front Wheel drive. The Promaster comes in one height and has a lot of head room for walking in and out. Shuttle Promasters work in many different applications, Churches, Wheelchairs, Specialist custom vans, Handicap Shuttle buses, Tour Buses shuttles and many more. From 10 Passenger Conversion Shuttles Promasters, 11 Passenger Luxury Shuttle vans, 12 Passenger Shuttle Buses, 13 Passenger Airport Shuttle Buses, 14-15 Custom Shuttles. The Promaster ram van came out in late 2014 and has been growing every year. More and more people will see the Ram Promaster as the U.S. Post office is using the Promaster for their new delivery vehicle all over American. Making the Ram Promaster the American Conversion Van. Waldoch is a Conversion Van Manufacture and has been for over 40 years, partnering with GM, Ford and Ram. Waldoch is a NTEA MVP for the Ram Promaster.

MOBILITY CONVERSION

MOBILITY

The Galaxy vans and the Waldoch Shuttle buses and Limo can have a handicap wheelchair put in any one of the 3 models waldoch manufactures. Starting with the Galaxy Promaster Conversion van, you take of the first row of seating and the mobility lift mounts right at the door. The Waldoch Mobility vans can be put in the side or the rear door. Waldoch works with mobility installers all over American, if you have a mobility company you are working with and would like to get a full size van. Give us a call and we will help you get the van of your dreams and keep your mobility company right in your home town. They know you the best with the different service needs you might have over the year. Waldoch does have a local installer that they work with if you don't have one you are working with. Handicap full size conversion vans can be a lot to take on that is why we have a proven way we have done it and its leaving the customer with a smile. Handicap vans can have the B&D transfer seats that will allow the seat to come back and pick the person up to move them in position if it's not easy to get into the driver or passenger seat. We also offer the ability to lock your wheel chair right in the passenger or driver position of the vehicle. It's called the EZ lock system. Simply push a button to release and you are set. The Q'straint tie down is our most popular and cost effective way to hold down the wheel chair, you do need a second person to help tie the person in the wheel chair or motorized chair down. The hand controls for the wheelchair and handicap vans is the best way for you to be in the driver seat and brake and gas with your hands, not having to worry about the pedals below. the Handicap steering wheel knob is a great way so you don't have to have 2 hands on the wheel while brake or accelerator.

- Working with any mobility installer in the US - American
- Understand the need and wants of the customer with ease of use in mind.
- Works with all different mobility lift companies
- Manufactures person use handicap and mobility van
- Manufactures commercial handicap and mobility shuttle vans
